

Moscow, Skolkovo Technopark
September 21–23, 2021

AlumForum in Skolkovo!

Union of Architects of Russia and Russian Aluminium Association hold in Skolkovo Technopark simultaneously and according to a single program:

«**AlumForum 2021**» - the 2nd international Forum «Aluminum in architecture and construction».
Founder - Russian Aluminium Association.

«**ArchGlass 2021**» - the 3d international Forum of architectural glass industry.

In the program of «AlumForum 2021»:

Exhibition exposition.

Aluminum is as the supporting and enclosing structures of public, residential and industrial buildings, in the construction of high-rise buildings, at transport infrastructure facilities, in the interior, decorative elements and small architectural forms. Special exposition: «Aluminum at transport infrastructure facilities» (Bridges and bridge constructions, airports, train stations, transport Hubs, Metro).

Business program.

Actual issues of aluminum and construction fields of activity, normative base, innovative materials and technologies.

Competition – «Aluminum in Architecture».

The only review in Russia of designed and implemented projects with aluminum. National Award - Grand Prix for the best implemented project. It is hosting a second time.

Competition «Aluminium Design».

International review of design projects implemented and being designed. Interior details, furniture, lamps, small architectural forms, etc. It is hosting at the first time.

The widespread use of glass and aluminum is the main trend in modern construction, allowing to realize the wishes of the customer and implement unique architectural ideas.

The unification of the Forums on one venue is caused by the need to consolidate the efforts of specialists in the aluminum, glass and construction industries, strengthen business contacts with leading architects and designers, and create new opportunities for successful business development.
